## **HONORARY DOCTORATE - PRINCIPLES & CRITERIA FOR CANDIDATE SELECTION**

### **GENERAL PRINCIPLES:**

»The awarding of an honorary degree is an important symbol in the life of the University. An honorary degree recognizes uncommonly meritorious accomplishments and activity, both in the academic arena and in broader areas of benefit to society, that reflect the values esteemed by a great university. Honorary degrees are conferred on those whose achievements are of such excellence that they provide, through example, inspiration and leadership to the graduates of the University.

» In choosing recipients for this honor the University is also guided by the principle that in honoring individuals for their contributions, the University is also honoring itself by its association with people of such special merit.

**CRITERIA FOR SELECTION:** The following specific criteria are used by the Honorary Degrees Committee in its consideration of candidates. The Committee's goal each year is to present a slate of recipients across a range of academic disciplines and non-academic areas of achievement. Honorary degree recipients, when possible, will be chosen to match the purposes of the Convocation at which the degree is to be granted. Those in category (a) will predominate, if possible, those in categories (b) and (c) will normally number less than half of the recipients in category (a) unless the Convocation is being called for a special reason:

a. The University normally will give preference to honoring individuals who have made outstanding contributions in the sciences, humanities, and professions in which the University itself is active.

b. Recognition will be given to those whose exceptional accomplishments have contributed to enhancing culture and society in the world.

c. The University on occasion will honor those who have made extraordinary contributions to the development of the University or the region or have achieved international standards of excellence.

PROCEDURES: Nominations: At least once annually, a call for nominations will be broadcast widely by the University Secretariat to the university community, using the traditional outlets and any additional avenues suggested by members of the Honorary Degrees Committee.

Nominations may be submitted at any time using the Maintenance of Lists form. The Senate Board will conduct an initial screening to ensure eligibility. Approved names remain on the list for three years and may be renewed once for an additional three years if re-nominated. The Honorary Degrees Committee selects candidates from the active list for each convocation cycle and assigns two members to conduct due diligence. Nominators may be invited to participate in the degree conferral, with selections made by the President, Director of Convocation, Provost, and Secretary of Senate.
